3. PETN Yearbook 2024

Following the 2024 season, we will also publish a PETN yearbook, similar to last year.

As in 2023, the content will include reports on the individual races, individual team presentations, pictures of the drivers and honoring the champions. In addition, the Porsche Esports Endurance Trophy Nürburgring will also be included in the yearbook for the first time.

We will communicate further information regarding the publication date and prices as soon as possible.

If you are interested in a larger quantity of yearbooks, for example as an end-of-season gift for team members, drivers or sponsors, we would be pleased to receive a short advance notification at: trophy@manthey-racing.de

At the same time, we will integrate advertisements into the 2024 yearbook to offer existing or potential partners and sponsors a presentation space. If you or your sponsors are interested in an advertisement, we would also be pleased to receive a short message.

If you are interested in the yearbook for the 2023 season, you can request it via the following link: <https://www.porscheendurancetrophy.de/en/yearbook>

4. PETN meets RacedropArt

As previously announced, we will be working with RacedropArt again this season.

RacedropArt has set itself the task of upgrading used and no longer usable motorsport parts with the help of artists. The resulting works of art are linked to an aid project for children. In this way, the buyer not only supports the recycling cycle, but also children's aid organizations.

At the same time, the artworks are provided with a QR code that shows the team that donated the piece as well as the associated aid project.

As part of NLS 3, some of the exhibits will be presented in the PETN Lounge. At the same time, Henrik Bonesky from RacedropArt will be on site from Friday (21.06.) to answer any questions you may have.

5. Bulletin 05/2024

We would like to remind you once again of Bulletin 05/2024, which was already communicated during the 24h Nürburgring.

This is available for download [here](#), as previously announced.

The photos of the PETN, which will be taken as part of the NLS 3, will be shared with you via the following WA group as usual:
